

Obituary

Inge E. Bernaldo, wife of Ronald Bernaldo - a Dallas College Adjunct Professor, passed away on November 10, 2024 after courageously fighting Inflammatory Breast Cancer for the last two years. She was 74 years old.

Inge graduated from Dallas College and went on to graduate from the University of Texas at Dallas with Cum Laude honors. She collected and sold vintage designer jewelry, clothing, and accessories online. Yves Saint Laurent even purchased one of her items for their museum collection in Paris, France.

She enjoyed gardening, walks in the parks, and most especially visiting the beach. She loved animals, especially German Shepherds which she had five of over the years. Two of them were adopted older dogs, and one other a shelter dog.

Inge asked to be cremated (maybe to get even with the cancer) and there will be no ceremony. Please do not send any cards or flowers, but instead perhaps donate to Inflammatory Breast Cancer research at MD Anderson Cancer Center or any cancer center of your choice. She would very much appreciate that.

Inge is survived by her loving husband Ron and her son Dr. Rafael Rivera.

She is and will always be immensely missed.
